Welcome to eProjects

Dear Student,

It gives us immense pleasure to address you about eProjects. This is a new way of learning, which would value add the existing course material that has been provided to you.

Kindly find attached the eProject Specification.

In case of any queries do write back to us.

Your Project/Assignment Start date is: 14-Jul-2026**Your Project/Assignment End date is: 14-Aug-2026**

You need to complete your project and submit the following by the end-date.

1. **Submit a video clip demonstrating the working of your Project.**

2. Working Application

- a. Source Code
- b. Compiled Code

3. eProject Report

n eProject Report should comprise-

- q Acknowledgements
- q eProject Synopsis
- q eProject Analysis
- q eProject Design
 - n DFD's
 - n FlowCharts
 - n Process Diagrams
 - n Database Design / Structure
- q Screen Shot's
- q Source Code with Comments
- q User Guide
- q Developer's Guide
 - n Module Descriptions

- *User Guide means User Manual, it should have details how a user can operate the application.*
- *Developer's Guide should have detail description of the modules, so that any developer can look into the code and get to know about it through the Developer's Guide.*

Some of the benefits of eProject are as under: -

1. Re-enforcement of Skills happens in the experiential learning process.
2. A mentor, ensuring that you do not get drifted, constantly guides you.
3. It gives you a lot of confidence to face an interview as you have worked on a project. You can explain virtually everything on the subject you have learnt.
4. A nice, final, black, hardbound report adds to you credentials and enhances your job prospects.

eProjects is compulsory (Sem-End Project) and is supposed to be done over and above the assignments given in your course books.

It is advised that if a student follows the projects and submits assignments he would definitely have an edge over other students.

Students need to submit their project report along with working application and source code in the stipulated time.

Projects will be evaluated.

Note: Kindly remember each individual student should reply back on this mail to register himself / herself

ACKNOWLEDGE THIS EMAIL TO CONFIRM YOUR REGISTRATION AND RECEIPT OF EPROJECT SPECIFICATION

Kindly go through the document and get back to us in case of any further queries

Best Regards,

eProjects
